#### To Whom It May Concern:

We, the undersigned, members of the committee appointed to superintend the redemption of the Phoenix Investment Co., have this day examined the books and checked the redemption for the month of August. We find the books are kept in such a way as to make the matter of checking easy, and do attest the correctness of same.

C. C. CALHOUN, Attorney at Law, 19 Cheapside.  
HORACE JOHNSON, E. P. JOHNSON & Co., Plumbing, 18 Market Street.  
S. E. HILL, U. S. Commissioner, Northern Bank Bldg.

THE PHOENIX INVESTMENT CO., is based on the same principle as Life Insurance Companies, excepting we do not promise to pay as large returns for your money as the Insurance Companies have paid, and are paying. But they pay your heirs. We pay you, you would rather have \$100.00 while you live than \$1,000.00 after you are dead.

We call special attention to the list of Coupons that have matured in our August redemption. Our business is large and is continually increasing, for our system has merited the success that our Company has met with. The average business man is too busy with his own business to give enough of his time to a thorough study of any other business, and he takes the experience of his fellow-man that it is either good or bad. Therefore we take pleasure in the above statement, by showing the results attained by some of our investors. Other testimonials will be furnished upon application.

#### The Philippines.

We take the liberty of publishing some extracts from a letter of an exceedingly well informed gentleman who has been in the Philippine Islands for months—a gentleman of culture and intellect and character—whose statements can be relied upon. And we have no doubt of the accuracy and wisdom of his statements. Nor have we any doubt of the ultimate decision of the American people concerning these islands. As Judge Culbertson pithily expressed it, "We have done expanded." As the President happily put it in one of his late speeches: "It is no longer a question of expansion but of contraction." Under the treaty of Paris those Islands are legally and constitutionally as much a part of the United States as the states formed out of the Louisiana Territory and those formed out of the territory purchased from Mexico—that is, as completely and legally as Missouri, Louisiana, Arkansas, California, Oregon, Nebraska and Texas. Treaties when ratified are by the constitution placed upon the same footing as the constitution and the laws passed in pursuance of the constitution. Mr. Bryan and those who are making such a clamor seem to forget or not to understand this. The President has no more power or right to surrender the Philippines or a single foot of any one of those islands than he has to surrender St. Louis, New Orleans, San Francisco or Omaha; and he would be as flagrantly derelict in duty if he permitted lawlessness, outrage and refusal to submit to the law in those islands as he would if he permitted it in Kansas or Nebraska.

The day for discussion as to the status of those islands has passed. We are responsible for the peace, good order and freedom of those islands as we are in Arizona, New Mexico or Alaska. It is worse than folly—it savors of criminal aid to those who are shooting down our soldiers to make the misguided followers of Aguinaldo believe that they can achieve ought but ruin and disaster by armed revolt against the United States. It is miserable demagoguery to denounce the President for maintaining order by the military forces in those islands; this is his sworn duty—he is compelled to see that the laws are executed.

And it would be a most dangerous precedent to establish that Congress under our constitution can alienate territory. We have surrendered claim to disputed territory by treaty agreeing to a fixed boundary as in the foolish and wicked treaty by which we surrendered British Columbia, Puget Sound and gave Canada a frontage upon the Pacific Ocean. But this is the extreme limit in that direction. Whatever may be the constitutional power of Congress to surrender territory, it is one we do not desire to see exercised.

It is now immaterial whether we obtained those islands by purchase or by conquest; our title is now by treaty, which treaty is the supreme law of the land—expressly made so by the constitution; under it those islands are as completely part of the republic as Manhattan island or Washington City. It is nonsense to urge that purchase is either an unusual or improper mode of obtaining title. Jefferson bought the Louisiana territory; under Polk we purchased territory from Mexico; under Johnson we purchased Alaska—except in the case of Texas and Porto Rico, we have paid for acquired territory. Cowardice and humiliation may wrest those islands from us. In no other way will they ever be separated. A cowardly President may withdraw our troops; a dishonorable Congress may surrender to Aguinaldo; this and this alone is the only possibility; and we do not believe this a possibility. We can not conceive of any American President or any Congress surrendering to the armed enemies of the

country and lowering the flag in disgrace.

"The people at home in the states do not know the condition as it exists here and I firmly believe if General Otis is kept in charge and pursues his present policy, if it can be called a policy, this war will last for years. A good wide-awake man with the forces at hand could have whipped the insurgents into submission long ere this; but nothing is done. If they attack us we defend ourselves, naturally; but such a thing as aggression is almost unknown except when an officer, tired of loafing, takes the bit in his teeth and runs the risk of a court-martial. If General Miles were sent here with power to do as the case demands it would be ended in sixty day. The islands are perfect treasures—no one who has not seen them can form an adequate idea of their worth. Crops grow without being touched after the planting. Sugar, rice, tobacco, hemp—in fact, anything that is raised in any tropical country grows almost for the asking. That they have minerals of great worth is being demonstrated almost daily. Copper, coal, tin, silver and gold abound. And the day will come when a hundred times the price we paid for them will be cheap. As soon as the natives realize that their efforts will bring into their own coffers its just deserts they will be industrious, they are not lazy now; but in the past all they made was taken from them by some means, fair or foul, usually the latter, until they came to think that all that was needed was enough to subsist on and they labored to that end alone. But when once demonstrated that what they come by honestly will hereafter be their own they will work like so many Turks. They are naturally industrious, cleanly in their habits and person to a point of scrupulousness, polite and ingenious; certainly no one could ask more from the remains of a Spanish possession. If you have not seen it I would call your attention to an article on the Philippines by Hon. John Barrett in the August number of Munsey's Magazine. As far as it goes it sets forth conditions as they exist."—Lexington Herald.

#### GOEBEL AND THE TICKET.

##### Fifty Stories of the Far West.

The Rev. Cyrus Townsend Brady, author of "For Love of Country" and "For the Freedom of the Sea," is writing his experiences and adventures as "A Missionary in the Far West" for early publication in The Ladies' Home Journal. Mr. Brady was stationed in the far West for eight years as a missionary. In that time he had some most stirring and exciting and often humorous experiences, and fifty of the most thrilling and unusual of these he will relate in a series of articles. He has never before told these experiences. He will do so now. They will have to do with encounters with cyclones and blizzards, prairie fires unusual weddings, funerals and baptisms.

#### VOTE FOR JOS. P. ROSE.

Truth's November supplement is a reproduction of W. Granville Smith's beautiful painting, "Reverie." This is one of the finest specimens of color painting we have yet seen, and a picture worthy of a place in your walls.

##### Lung Irritation

is the forerunner to consumption. Dr. Bell's Pine Tar Honey will cure it, and give such strength to the lungs that a cough or a cold will not settle there. 25¢ at all good druggists.

Be sure and read our great offer of the THE HERALD by paying a year ahead. This will secure that good little paper, the Farm Journal, for the balance of 1899 and all of 1900, 1901, 1902 and 1903, nearly five years, without any further pay. Shall we hear from you within one week?

Charley McGuire, of Maytown, passed through here Saturday en route home from head of Red River.

Be sure and vote the Democratic ticket.

#### A Woman Only Knows

what suffering from falling of the womb, whites, painful or irregular menses, or any disease of the distinctly feminine organs is. A man may sympathize or pity but he can not know the agonies she goes through—the terrible suffering, so patiently borne, which robs her of beauty, hope and happiness. Yet this suffering really is needless.

#### McELREE'S Wine of Cardui

will banish it. This medicine cures all "female diseases" quickly and permanently. It does away with humiliating physical examinations. The treatment may be taken at home. There is not continual expense and trouble. The sufferer is cured and stays cured. Wine of Cardui is becoming the leading remedy for all troubles of this class. It costs but \$1 from any druggist.

For advice in cases requiring special directions, address, the "Ladies Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

MRS. C. J. WEST, Nashville, Tenn., writes:—"This wonderful medicine ought to be in every house where there are girls and women."

# THE HERALD.

SPENCER COOPER, : : : Editor.

HAZEL GREEN, KY.  
THURSDAY, November 2, 1899.

THIS will be the last issue of THE HERALD prior to the election, which comes off on the 7th inst., and we wish again to call the attention of all Democrats in Wolfe and Morgan counties to the fact that Joseph P. Rose is our candidate for representative. It is of the utmost importance that every Democrat be at the polls on that day and cast his vote for Mr. Rose, and this every Democrat can do no matter what his position with regard to the gubernatorial race. Mr. Rose is a Democrat in the true sense of the word, and because some man may like Brown better than Goebel is no reason why that man should fail to give Mr. Rose his support. He is for the best interest of the people regardless of the opinions of Mr. Brown or Mr. Goebel, and every Democrat should vote for him on next Tuesday. Joe Rose is a plain farmer, and a good citizen in all that the term implies, and will make this district as good a representative as it has ever had. Indeed we believe his record will be so good in the coming legislature that every man who votes for him can point with pride to the fact he helped elect him. The Republicans have out the best man in their party as Mr. Rose's opponent and will poll every vote in the party to defeat him if possible. It is therefore very important that he get every Democratic vote to insure his election, and we hope he will do so.

THE vote for governor in Kentucky in 1895 was: Bradley 172,480, Hardin 168,504, Pettit 16,911, Demaree 4,186; grand total 357,057. For president in 1896: McKinley 218,171, Bryan 217,800, Palmer 5,019, Levering 781; grand total 445,861. These figures may prove of interest to those who enjoy figuring on possibilities. They at least show that the Republicans stuffed the vote of 1896 something like 88,000.

A VOTE for Brown and Johnston is a vote for Taylor. Brown has no more show to be elected than a cat in a hat—without claws, but hopes to ride into the U. S. Senate with the aid of Republican votes.

DON'T stay away from the polls under the mistaken notion that your vote can't do Goebel any good. If every Democrat will vote for him on that day he will be elected by the old time majority of 80,000.

THE Brown Democrats are getting to be as scarce as hen's teeth in this neck of the woods, and if the election could be put off ten days longer he wouldn't have enough votes for representation.

THE Brown bolters grow beautifully less every day. As the people become enlightened they desert his standard as something that smells bad.

REMEMBER that every voter in the counties of Wolfe and Morgan should vote for Joe Rose for representative and give him a big majority.

NEXT Tuesday, the 7th inst., is election day, and be sure and put your cross under the rooster.

REMEMBER ROSE TUESDAY.

## BUDGET OF NEWS.

### VOTE FOR GOEBEL.

The relief of General Otis from the duties of press censor has not caused any increased activity in other departments, which was hoped for.

Most voters of foreign birth know what militarism and imperialism lead to, and they will not vote to fasten on this country the burdens that they came here to escape.

If the assessment of the postmasters of the country for the election of the Ohio ticket is a criterion, Mr. McKinley will probably be known next year as the "Collecting agent of prosperity."

When President McKinley insisted, under a threat of continuing the war, on Spain transferring to us her vanished title to the Philippines, common prudence would have demanded that he should have made the bargain C. O. D.

McKinley's Thanksgiving proclamation is longer than any similar proclamation issued from the White House for many years. It has been suggested that its size would not have been so "expanded" if he had waited until after the Ohio election to promulgate it.

Senator Hanna now says that the formation of big industrial combines is a step forward in industrial development. The destruction of competition, the closing of small plants and the discharge of employees by the trusts is considered by Mr. Hanna a step forward. It is a step upon the necks of the consumer and the worker.

### PUT YOUR VOTE UNDER THE ROOSTER.

Senator Hanna says that large combinations of capital have existed in England for the last 200 years. From the point of view of the man who recently said that the system of monarchical government in England was as good as ours, this seems to settle it. Trusts being "English, you know," therefore must be all right for us.

The people are sick and tired of President McKinley's and General Otis' continuous performance in the line of failure, ruin and abandonment in Luzon. Humanity demands immediate cessation of the murderous bungling round Manila, which under the Stars and Stripes has produced conditions as base as those in Cuba under Weyler which we interfered to prevent.

### VOTE FOR JOS. P. ROSE.

Some Republicans think that Senator Hanna is indiscreet in defending trusts. Perhaps it was indiscreet for Senator Hanna to become a member of the Soft Coal Trust, but being so, he could hardly be expected to admit that trusts are evil. Of course his Ohio platform denounces trusts, but everybody recognizes that was done for publication only and not as an evidence of good faith.

These days it is so cold about the Pension Office for old soldiers that they almost freeze when they ask for an increase to which they are entitled under the law. Then when they read the scandalous questions that widows are required to answer respecting their chastity, it makes them hot again. But President McKinley refuses to remove Commissioner Evans, or to use his power as executive to see that the veterans are not deprived of what congress intended them to have.

ROSE for REPRESENTATIVE.

If you vote the bolters ticket it will aid Taylor. If you want to redeem old Kentucky from the grasp of Republicanism, vote for William Goebel and all of the state ticket.

THE Democratic speakers held their own in the debate at this place last Saturday, the opinion of "A voter," to the contrary notwithstanding.

DEMOCRATS, do your duty next Tuesday and the proud old commonwealth of Kentucky will have been redeemed from Republican misrule.

Down with the boltercrats and support the regular nominees of the Louisville convention.

VOTE for Goebel and redeem the state from the grasp of Republicanism.

Good Democrats will not scratch the ticket no matter what their individual opinions.

WHEN you go to the polls next Tuesday vote for Goebel and the state ticket.

Show your manhood next Tuesday by voting for the regular nominees.

GOEBEL IS THE MAN.

Dr. S. B. Kash was called on Monday to see Mrs. Jeff Halsey, who is reported on the sick list.

## PUT IT UNDER ROOSTER.

Mrs. S. B. Kash, the fashionable milliner sells from twenty to twenty-five hats per week. Thus you see it pays to advertise.

John Davis and wife, of our town, went to Salyersville last Friday on a visit to relatives and friends. Mrs. Davis will probably make a two weeks' visit before her return to our midst.

Mrs. Harmon Swango will please accept the thanks of the editor and his better-half for a quart of the finest sorghum molasses it has been our good pleasure to taste this season.

## VOTE ROSE AND GOEBEL.

The present political campaign has developed considerable bitterness in many quarters, and is to be deplored. But one of the worst features, looked at from a local standpoint, is the threatened departure of our friend and collaborer Sam Wilson, in event Goebel is elected next Tuesday. All good Democrats hope to see Mr. Goebel victorious but if it shall result in the loss of our post-painter as a citizen they are in doubt as to their duty. He says he will not live under a king, and as soon as Mr. Goebel is declared elected he will pull his freight for a foreign shore. Can not our citizens do something to prevent this catastrophe upon our community? The ladies might prevail upon him to stay his mad career.

Uncle Johns Adams, of West Liberty, the Republican candidate for the legislature, was here Saturday and made a short speech in the interest of his candidacy. Uncle Johns informed his hearers that it has been his great ambition to have worked in the Lord's vineyard fifty years ere he was called from his labors here to his reward above, and that last September rounded out the fifty years' service as a preacher of the gospel. Uncle Johns is a thoroughly good man and holds the esteem of all who know him.

## GOEBEL AND DEMOCRACY.

Howard Stamper and C. C. Fulks, two Camptonites, came to Hazel Green on last Saturday to divide time with Monro Nickel and M. F. Cisco in a speaking contest. Cisco and Nickel were for Taylor, and Fulks and Stamper for Goebel. Everything went off nicely until Cisco took the stand, and what he did for Stamper and Fulks was plenty. Stamper's speech was a howling success, so to speak. Cisco's remarks were principally directed to Fulks. We pitied the boy, but could not help him. A VOTER.

Ike Hartfield, representing Guginheimer & Co., Lynchburg, Va., was a guest of the Day House from Thursday last until Monday, and did a land office business in taking orders. He sold H. F. Pieratt, W. T. Caskey and J. M. Rose, of our town; Willie Clark of Tolever; S. C. Alexander, of Daysboro; Silas Rose and J. A. Rose, of Stillwater, and R. B. Rose & Co. No dry goods drummer within our memory ever did such a business in Hazel Green, and Mr. Hartfield attributes his success to his ad. in THE HERALD and his low prices.

On Sunday at the Christian church the topics for sermons will be "The Christian Citizen" at 11 a. m., and "What are You Doing with Your Soul?" at 8:30 p. m. As these are times of heated debate in matters of state, it is well for christians to weigh and consider, and we cordially invite all to attend the service at eleven Sunday morning while we discuss some of the duties of the christian citizen, pending the coming election. Wm. H. Cord, Minister.

## VOTE DEMOCRATIC TICKET

Miss Rosa B. Peyton, a captivating young lady of Morgan county, who was the guest of Mrs. S. B. Kash a few days last week, returned to her home on Friday with a very stylish hat. She is a lady of rare beauty, possessing an easy elegance of manners and graceful in her speaking and deportment.

She's one whose gentle graces shine,  
Far richer than the painter's art,  
Whose lofty beauty is divine,  
And sheds its radiance o'er the heart.

Mr. and Mrs. Jos. P. Rose, of Lacey creek, this county, set dinner Saturday, October 21, 1899, in honor of Mr. and Mrs. Edward Ross, of Stanton, Ky.; Mr. and Mrs. Noah Rose, Mrs. Edwin Rose and son Clinton, of Clay City, Ky. There being twenty-five other relatives of this county present on the occasion. The day seemed to be very pleasantly spent with all. It was their first acquaintance. The first visit for the Powell county folks, they spoke in highest terms of all they met and Hazel Green and vicinity.

Thos. C. Easterling, who has been visiting his former employer, Spencer Cooper, for a week or ten days, returned Sunday to Forest, Morgan county, and from there will go back to Washington, D. C.

## THE LAST WARBLE.

By SAM WILSON.

To voters on Kentucky soil  
I sing this solemn lay,  
'Twill be the last sweet thrill  
Until election day.  
So listen well to this, my friends,  
Or you'll go up the spout—  
For the Goebels will get you  
If you don't watch out.

Remember, boys, there's only one  
That knocks the plum that day,  
Although there'll be three candidates  
Who'll mix up in the fray.  
So cast your ballots for your choice  
Without a fear or doubt—  
For the Goebels will get you  
If you don't watch out.

This campaign will soon be o'er,  
And orators will be through  
Their speaking o'er Kentucky's land  
And will leave the thing to you.  
So heed advice, be sure you're right,  
And know what you're about—  
For the Goebels will get you  
If you don't watch out.

So long as it was "ME and Goebel" the latter was a big boss in Charlie Bronston's estimation, but when Goebel outstripped the doughty Charles and it became "GOEBEL and me," Bronston kicks out of harness. The people of Madison like Mr. Bronston, but they also know him by heart, and it is currently accepted that before the day of election he will be making speeches for the man he is now condemning. As a political acrobat Charlie Bronston has no equal. The only person injured by his performances is Charles himself, a much bigger man than Bronston, that no man can be bigger than his party.—Richmond Climax.

Biggle Berry Book, being No. 2 of The Biggle Books, is all about berries. A whole encyclopedia of berry lore, boiled down after the manner of Farm Journal. Tells about varieties, about planting, growing, mulching, cultivating, picking and marketing. It gives practical pointers from the pens of scores of leading berry growers from all parts of the country who have contributed to its columns. It has colored representations of berries true to size and color, thirty-three portraits of practical berry-men, and thirty-five other illustrations, handsomely bound in cloth. The price is 50 cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

Wonderful are the cures by Hood's Sarsaparilla and yet it is only because as the one true blood purifier, it makes pure, rich, healthy, life-giving blood.

Hood's Pills for the liver and bowels, act easily, yet promptly. 25c.

A pleasant sociable was given "Our Boy Tom" at the residence of John Davis, our esteemed fellow townsman, on Thursday night, and was enjoyed immensely by all present. Those in attendance were: Misses Anna Wheeler, Mollie Haney, Lula Kash, Maggie Kash, Messrs. Noah Cisco, Curtis Quick-sall, Robert and Willie Kash, Curtis Rose, Edward Taulbee, and T. C. Easterling. The company were highly entertained and departed for their homes at an early hour.

Nelson Nickel's little son John, aged about 8 years, met with rather a painful accident on Saturday evening by being thrown or falling off a mule, breaking his left arm just below the elbow. Dr. Taulbee was called and reduced the fracture. The little fellow is getting along as well as could be expected under the circumstances.

W. P. Norris blew the Bugle for several weeks at Campton, but alas he blew the last blast last week. The following mournful lines blew into our office:

Blow, blow, ye bugles blow,  
Though now 'tis up the spout,  
And lies so rusty on the shelf;  
The bugle has blown out.

HUMORS, boils, pimples and all eruptions are due to impure blood, and by purifying the blood with Hood's Sarsaparilla they are CURED.

Miss Anna Wheeler and her little brother Willie, of Hazel Green, left Friday morning for Beattyville, where they will visit friends and incidentally take in the speaking at that place on Saturday, Gen. Taylor, Republican nominee for governor, being the orator of the occasion.

**Coughed 25 Years.**

**Three Doctors in Consultation.**

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get Dr. In-clination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs opening the secretions and restoring the system to a natural and healthy condition. For sale by J. T. Day, Druggist.

H. F. Pieratt, wife and children, left Wednesday morning for Black-water to attend the 82d anniversary of Mrs. Dulcinea Pieratt's birthday, grandmother of H. F. Pieratt. Her son John H. Pieratt and family also attended from this place.

**How to Prevent Croup.**

We have two children who are subject to attacks of croup. Whenever an attack is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. More of it is sold here than of all other cough medicines combined.—J. M. Nickle, of Nickle Bros., merchants, Nickleville, Pa. For sale by J. T. Day, Druggist.
